26 March 1985

MEMORANDUM FOR: Col Ralph A. Mason, Jr.
Army Member, COMIREX

SUBJECT: Requirements Officers Orientation Course (ROOC) (U)

REFERENCE: Your memo, same subject, dated 26 March 1985

This responds to your request that we increase the number of spaces available to the Army for training at the ROOC. We recognize that the limited number of courses (four) and the corresponding class size limitation have not permitted adequate satisfaction of the Intelligence Community's training needs. I have asked John McLauchlin, Chairman of OPSCOM, to investigate the feasibility of either increasing the number of courses or the class size to better accommodate Community needs. I will let you know the results of this effort in the very near future. (U)
